### INDUSTRY

Industrial

### PROJECT OVERVIEW

Customer was looking to add a more aesthetically appealing garage floor system in multiple garages. A Prestige Floor System was installed in multiple garages that equaled approximately 1,000 sq ft.

### KEY CONSIDERATIONS

**Aesthetics:** The Prestige collection provides a seamless decorative finish with the look of granite. A custom logo was also installed in each floor.

**Durability:** Existing concrete conditions were poor. Concrete substrate had multiple movement cracks, pits and gouges. A cementitious patching compound was used to address these problems.

**Functionality:** The Prestige Flooring System offers non-slip characteristics, easy maintenance for oil and gas spills.

### SYSTEM PRODUCTS

- **PolySpec® 300 EX**  
Epoxy Performance Primer for Concrete
- **TuffRez® 201**  
Epoxy Floor Coating
- **TuffRez® 235**  
Polyurethane Topcoat
- **Blended Vinyl Color Flakes**
